PROFESSIONAL SUMMARY

I am a **Full-Stack React Developer** with **3+ years of experience** specializing in **React.js, Next.js, and the MERN stack**. Passionate about building scalable, user-friendly web applications with a strong focus on performance and maintainability. Seeking opportunities to contribute expertise in modern web technologies to dynamic teams and innovative projects.

EXPERIENCE

Neux Ltd, Remote - *Front-end Developer*

JULY 2021 - OCTOBER 2021

As a React Frontend Developer at Neux Ltd, I played a key role in maintaining and enhancing a music application. My expertise in React and the Tone.js library allowed me to contribute to a dynamic and interactive user experience for music enthusiasts

Nexo Games, Remote - *Front-end Developer*

OCTOBER 2021 - MAY 2022

During my time at Nexo Games, I leveraged my React development skills to build a diverse range of NFT-related websites. Projects like Million Dollar Vault, Shrewd Shark, and NFT Fever showcased my ability to create engaging and functional platforms for the growing NFT market.

Rāna Dev, Remote - *Fullstack Developer*

MAY 2022 - NOVEMBER 2024

As a Full-Stack Developer at Rana, I demonstrated my versatility by contributing to the development and maintenance of large-scale projects. My experience working on complex applications highlights my ability to collaborate effectively within a team and deliver high-quality results.
