MOHAMED AZAZA

Web Developer

About Me

Hi, I'm Med. With 3+ years of front-end web development and React/MERN expertise, I'm passionate about using technology to solve real problems. I thrive on collaboration and continuous learning, seeking opportunities to partner with companies and individuals to build innovative solutions together.

Language

- English (fluent)
- Arabic (native)
- French (basic)

Expertise

- HTML & CSS
- JavaScript
- React Js
- Next Js
- TypeScript
- Firebase
- Node Js
- Mongo DB
- Git

Experience

Neux Ltd
Jul 2021 - Oct 2021

As a React frontend developer at Neux Ltd, I played a key role in maintaining and enhancing a music application. My expertise in React and the Tone.js library allowed me to contribute to a dynamic and interactive user experience for music enthusiasts.

Nexo Games
Oct 2021 - May 2022

During my time at Nexo Games, I leveraged my React development skills to build a diverse range of NFT-related websites. Projects like Million Dollar Vault, Shrewd Shark, and NFT Fever showcased my ability to create engaging and functional platforms for the growing NFT market.

Rāna Dev
May 2022 - Oct 2024

As a React developer at Rana, I demonstrated my versatility by contributing to the development and maintenance of large-scale projects. My experience working on complex applications highlights my ability to collaborate effectively within a team and deliver high-quality results.

Education

Université de Sfax
Computer science
2018 - 2021

Certificates

Johns Hopkins University
HTML, CSS, and Javascript for Web Developers
Issued: July 2021
